

We are glad to announce the 7th edition of the symposium Health Care of the Future!

HEALING ARCHITECTURE 4.0

Digitalization and big data are transforming the health care landscape. At the same time new technologies and interactive software programs are creating new possibilities for spatial planning and space production in architecture. Standardization and personalization are two seemingly contradictory consequences for the hospital of the future. How can we unite these extremes?

The aim of the symposium is to examine the close relationship between the digital revolution and architectural, medical, media, economic and social aspects of health care and to question it with regards to trendsetting concepts in the following thematic blocks:

BIG DATA OR BIG DISASTER?
FUTURE DESIGNING CONCEPTS
FUTURE SPACE PRODUCTION
HEALTH FOR ALL?

The event addresses architects and planners, operators and decision-makers in the healthcare industry, physicians and politicians. In an interdisciplinary circle and inspired by the lectures of international experts, we want to discuss trends, innovative concepts and new findings.

The symposium will be preceded by an evening event on 1st of March 2018 at the new Berlin street art museum *URBAN NATION*. We cordially invite you to join in and prepare for the presentations and discussions of the following day.

/ When?

2nd March 2018 9 a.m. - 6 p.m. symposium
1st March 2018 6 p.m. evening event

/ Who?

Prof. Christine Nickl-Weller
Architecture for Health
Technische Universität Berlin
Institut für Architektur - A42
Straße des 17. Juni 152
D- 10623 Berlin

Tel: +49 (0) 30 314 - 22960
Fax: +49 (0) 30 314 - 29541
mail@healthcare-tub.com

/ Info & Registration?

<http://www.healthcare-tub.com>
<http://www.enah.eu>

/ Where?

Academy of Arts | Pariser Platz 4 | 10117 Berlin
Urban Nation | Bülowstraße 7 | 10783 Berlin

/ Credits?

The symposium is registered for certification at the Chambers of Architects.

/ The event is supported by:

09:00

Welcome
Opening

Prof. Christine Nickl-Weller, Technische Universität Berlin
Prof. Dr.-Ing. habil. Jörg H. Gleiter / Geschäftsführender Direktor Institut für Architektur, TU Berlin

Moderation

Sybille Seitz & Fermín Tribaldos

MORNING

09:30

BIG DATA OR BIG DISASTER?

How is digitalization changing our health care system, our society and thus the hospital of the future?

Prof. Dr. Erwin Böttinger / Hasso-Plattner-Institut
Universität Potsdam (D)

Prof. Hans Nickl / Nickl & Partner Architekten AG
Munich (D)

Prof. Dr. med. Reinhard Busse /

Health Care Management, TU Berlin (D)

Malte Spitz / Author & Politician (Bündnis90/Die Grünen)

Discussion

AFTERNOON

14:00

FUTURE SPACE PRODUCTION

Are the new technologies changing the production of space? What does that mean for health care buildings?

Prof. Dr. James Barlow / Imperial College London (UK)

Prof. Dr. Christoph Hölscher / Cognitive Science
ETH Zurich (CH)

Mette Dan-Weibel / Link Arkitektur (DK)

Discussion

11:00

Coffee break

11:30

FUTURE DESIGNING CONCEPTS

How do we plan in the future and what are the challenges facing the planning of health care buildings?

Alex de Rijke / dRMM Architects, London (UK)

Prof. Dr. med. Burkhard Göke /

University Medical Center Hamburg-Eppendorf - UKE (D)

Prof. Momoyo Kaijima / Atelier Bow-Wow / ETH Zurich (CH)

Discussion

13:00

Lunch

15:30

Coffee break

16:00

HEALTH FOR ALL?

How does society benefit from the digital transformation? Can the new technologies contribute to *Health for All* policies?

Prof. Dr. Beate Wimmer-Puchinger / Universität Salzburg (A)

Marpe Tanaka / Médecins sans Frontières (SE)

Marcus Zimmermann-Rittereiser / Siemens Healthcare (D)

Kai-Uwe Bergmann /BIG Architects (DK)

Discussion

17:30

HEALTH CARE OF THE FUTURE SYMPOSIUM 7 REGISTRATION

End of registration 26th of February 2018

by mail [see overleaf address](mailto:mail@enah.eu)

by email mail@enah.eu

by fax +49 (0)30 - 314 29 541

We will send you a registration confirmation.

Further information:

www.healthcare-tub.com / www.enah.eu

Since the number of participants is limited we recommend to register as early as possible. We look forward to seeing you!

Friday 2nd March 2018 9:00 a.m - 06:00 p.m

Evening event 1st March 2018 at 06:00 p.m

Yes, I would like to confirm my registration for the symposium, at the total cost of:

[] 350 € **Registrations before the 31.1.2018** without evening event *

[] 420 € **Registrations before the 31.1.2018** incl. evening event *

[] 430 € without evening event *

[] 500 € incl. evening event *

* the booklet „Health Care of the Future 7“ is included in the price

In case of cancellation a fee of 10 € will be charged.
